

Example of Letter/Post-Card that can be sent to Former Students (FS) to encourage them to participate in the YOYO Interview

Dear Former XXX High School Student:

Hello! It has been almost one year since you left high school. We hope everything has been going well for you.

We will be contacting each of our former students over the next couple of months to see if they will be willing to participate in an interview to let us know how they are doing; what high school did to be helpful; and what supports you may currently use and/or need.

The information from these interviews will be used for improvement at our high school.

We hope you will take a few moments to talk with me when you are contacted.

Thank you!

Sincerely:

XXXX High School
