

# TRANSPORTATION resource manual

offered by the Human Development Institute at the University of Kentucky

**Getting around town for either medical or personal ventures can be fulfilling for someone with a disability when the right services are available. The staff at the Human Development Institute at the University of Kentucky has worked diligently to locate and list these accessible services. We have compiled a list of statewide transportation services available to individuals with disabilities.**

**Ideally, we have constructed the list according to county which will enable individuals to quickly and efficiently find their area and the transportation services that are provided within it.**

**In addition we have listed the transportation services offered through Medicaid. These services are categorized by region and county.**

**With the ever changing size and quality of transportation services, we will routinely update and modify any changes necessary. Simply find your county and take a ride!**

**If you have any questions or suggestions about this information, please call HDI at (859) 257-1714.**

Please note that a considerable amount of funding for many of these services is provided through 5310 and 5311 agencies. 5310 agencies receive funding from Formula Grants for Special Needs of Elderly Individuals and Individuals with Disabilities. Non-profit organizations receive monies for capital assistance including services such as: preventive maintenance, contracting for services, providing a fixed-route paratransit service, leasing equipment or facilities, safety equipment and facilities, facilities that incorporate community services (such as day care or health care), and transit enhancements. 5311 agencies receive funding from Formula Grants for other than Urbanized Areas. Non-profit organizations receive monies for provide capital, operating, state administration, and project administration assistance to areas with populations of fewer than 50,000. To see which services are aided by 5310 or 5311 agencies, please visit <http://transportation.ky.gov/otd/>

The Human Service Transportation Delivery (HSTD) Program provides non-emergency medical transportation services to eligible Medicaid, vocational Rehabilitation and Department of the Blind recipients. The Department for Medicaid Services contracts with the Kentucky Transportation Cabinet to manage the daily operation of the HSTD program. Under the HSTD program Kentucky is divided into 15 transportation regions. A regional broker coordinates transportation services for each region through a network of providers located within that region. Recipients needing transportation services can contact their regional broker for information or to schedule transportation services. Transportation services must be scheduled with the regional broker at least 72 hours in advance.
