NTACT-C  
Capacity Building *Virtual*  
Institute

# National Technical Assistance Center on Transition - Collaborative

The Capacity Building Institute brings together interagency teams to create collaborative plans to address state-specific transition needs.

The Kentucky team includes:

- Sallie Bolton, DJJ
- Veronica Dale, OVR
- Shasta Hensley, KDE
- Dorothy Jenkins, OVR
- Allison Johnson, KDE
- Tony Lobianco, UKY-HDI
- Angel Stephens, SESC
- Samantha Walte, UofL
- Lou-Ann Land, UKY-HDI
- Jonathon White, OVR

# Goal #1

We will better align policies and procedures across agencies to better address gaps and reduce duplication of transition services

We will develop protocols to address transitions across educational levels (preschool - high school) and relevant systems (e.g., mental health, vocational rehabilitation)

# Goal #1: Tasks

- Complete an environmental scan and review of existing models of transition including:
  - NTACT taxonomy and
  - Other states' models.
- Complete an environmental scan and review across agencies of existing transition guidance.
- Consider how to best assess needs.
  - Needs survey?

# Goal #1: Outputs

- Cross-walk/reference guide
- Tool kit of existing Kentucky resources
- Needs assessment tool

## Goal #2

We will improve the capacity of systems serving transition age youth to gather, share and use relevant service and outcome data.

We will improve the ability of systems serving transition age youth to evaluate the effectiveness of their services through coordinated data gathering, sharing and usage.

## Goal #2: Tasks

- Explore the use of common identifiers.
- Complete an interagency environmental scan of current data gathering and sharing procedures.
- Based on the environmental scan, conduct an analysis to identify gaps in data gathering, sharing and usage.
- Based on the gap analysis, construct a set of recommendations for improving interagency data gathering, sharing and usage.

## Goal #2: Outputs

- Reference of current data gathering practices (results of environmental scan)
- Comprehensive list of agencies and data sources.
- Written report detailing findings from environmental scan and analysis.
- Written recommendations on cross-agency data sharing practices
