

Zoom Tips

If you're new to Zoom, we recommend you check out [Getting Started with Zoom](#). You will find short tutorials on topics such as joining a meeting and connecting to audio.

A few things to keep in mind:

- You will need a stable internet connection to participate in this training.
- You will need to be able to join with audio for this training.
- Please join with computer audio, if possible. If this is not possible, you may call in for audio.
- You will need a computer or tablet large enough to see the slides.
- There is a chat feature that you can use to ask questions. We will have someone watching the chat box during the training.
- If you do not have a microphone on your computer, earbuds, or a headset, please [download the Zoom app on a smartphone](#) so that you can join with the phone app for audio AND join on your computer to see the content clearly.
